

Cast Metal Partial Design Approval Form

Patient Name: _____

Date: _____

The diagram illustrates a dental arch layout for a cast metal partial design approval form. It is divided into four quadrants by a vertical and a horizontal line. The top half represents the Maxillary arch, and the bottom half represents the Mandibular arch. The right side of each arch is labeled 'right' and the left side is labeled 'left'. Teeth are represented by blue outlines with black markings indicating the design. The teeth are numbered 1 through 32, starting from the right side of the Maxillary arch and moving towards the center, then continuing on the left side. The Mandibular arch follows a similar pattern, starting from the right side and moving towards the center, then continuing on the left side. The numbers 1-16 are for the Maxillary arch, and 17-32 are for the Mandibular arch.

Maxillary right
